

WARNING STATEMENT FOR NEW ZEALAND INVESTORS

This page contains additional information for persons receiving the BT Wholesale Property Securities Fund Product Disclosure Statement (the “offer document”) in New Zealand. Information in this section does not form part of the PDS but is prescribed information for New Zealand law purposes.

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 and Regulations. In New Zealand, this is Part 5 of the Securities Act 1978 and the Securities (Mutual Recognition of Securities Offerings—Australia) Regulations 2008.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 and Regulations (Australia) set out how the offer must be made.

There are differences in how securities are regulated under Australian law. For example, the disclosure of fees for collective investment schemes is different under the Australian regime.

The rights, remedies and compensation arrangements available to New Zealand investors in Australian securities may differ from the rights, remedies, and compensation arrangements for New Zealand securities.

Both the Australian and New Zealand securities regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, Wellington, New Zealand. The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian securities is not the same as for New Zealand securities.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the securities is not New Zealand dollars. The value of the securities will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.

If you expect the securities to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

The dispute resolution process described in this offer document is only available in Australia and is not available in New Zealand.

We will provide investors with a copy of the constitution for the Responsible Entity or the Fund on request.

ADDITIONAL INFORMATION FOR NEW ZEALAND INVESTORS

The following pages (ii) to (iv) contain additional information for persons receiving the BT Wholesale Property Securities Fund (the "Fund") Product Disclosure Statement (the "PDS") in New Zealand. Information in this section does not form part of the PDS but is additional information relevant to New Zealand investors. This information is dated 22 June 2011 and is subject to change from time to time. Direct investors will receive written notice of any material changes to this information and may request a paper copy of any updated information at any time free of charge.

Who can invest in the Fund

This Fund is available for investment by existing custodial or investment administration service providers (referred to as "direct investors" in this document). Persons who invest in the Fund through a custodial or investment administration service provider are referred to as "indirect investors".

Direct investors

To invest simply forward your completed Application Form together with your payment to us.

Indirect Investors

An investment in the Fund through a custodial or investment administration service does not entitle you to a direct interest in the Fund. The provider of the custodial or investment administration service will be recorded in the register as the investor and will be the person who exercises the rights and receives the benefits of an investor.

Indirect investors should not complete the Application Form. Rather it should be completed by the relevant provider.

Indirect investors may also be subject to different conditions from those referred to in the PDS and should contact their investment adviser or refer to the terms and conditions and the relevant marketing information for the provider's service, in addition to the PDS and this document.

Fees or charges will be payable to the provider in addition to the fees and charges described in the PDS.

Investing in the Fund

Application cheques should be made payable to 'BT Financial Group Ltd – <investor name>' and crossed 'not transferable'.

Investment by direct credit is only available by prior arrangement with us. Confirmation of all direct credits must be faxed to (09) 367 3301 on the day of the transaction before the application is deemed valid.

Applications by direct investors can be made in New Zealand dollars (subject to meeting Australian dollar minimum investment equivalents). We will arrange conversion of New Zealand dollars to Australian dollars for any investment made in New Zealand dollars.

All dollar amounts referred to in the PDS are Australian dollars unless otherwise stated. You should be aware that gains or losses could potentially arise on currency conversions.

How to withdraw from the Fund

A withdrawal from the Fund will be processed in accordance with the instructions that we receive from you. Withdrawals can be paid to your nominated New Zealand bank account. We will arrange conversion of Australian dollars to New Zealand dollars.

Withdrawal requests can be processed by us as either a repurchase (where we buy the units from you) or redemption of units (where units are redeemed directly from the Fund).

The Responsible Entity may, at its discretion, refuse to repurchase units as a method of withdrawal although it is expected that this would only occur in exceptional circumstances. If you wish to withdraw from the Fund, we will repurchase your units unless a redemption is requested.

Processing cut off times

The processing cut off times for applications are currently 12.00pm New Zealand time for New Zealand dollar cheques and 4.00pm New Zealand time for Australian dollar cheques. The processing cut off time for withdrawals is currently 4.00pm New Zealand time.

Requests received on or after the cut off times on a Business Day or on a non-Business Day will be treated as having been received before the cut off time on the next Business Day. We can change these cut off times by giving written notice to direct investors.

New Zealand investors who have cooling off rights and wish to exercise those rights by email, should use the email address nzclientservices@btfinancialgroup.com and state that they are exercising their cooling off rights.

Distributions

The Fund generally pays distributions on a quarterly basis as at the end of March, June, September and December.

Distributions can be paid to your nominated New Zealand bank account. We will arrange conversion of Australian dollars to New Zealand dollars. Distributions can also be paid by Australian dollar cheque.

You can choose to have your distributions automatically reinvested into additional units in the Fund. There is no buy-sell spread for reinvested distributions.

Distributions will be automatically reinvested unless you instruct us otherwise in the Application Form. If you do not nominate a Bank Account for payment of distributions, we will treat this as a request to reinvest your distributions. You can change your distribution payment options by contacting us on 0800 800 661.

Distributions will be reinvested using the entry price for the last Business Day of the distribution period, adjusted to exclude the income to be distributed for the period and any buy-sell spread that would otherwise have been included in the entry price. Reinvestment of distributions will normally be effective the first day following the end of the distribution period.

Entry and exit prices for each Business Day will be posted on www.btim.com.au.

Within 30 days of the day on which the units are allotted to you under a distribution reinvestment, you will be sent a statement of the amount of the distribution and the number of units that have been allotted to you.

Units allotted under a distribution reinvestment will be allotted in accordance with the terms and conditions set out in the PDS and the constitution for the Fund.

The cooling-off period and cooling-off rights set out in the PDS do not apply to reinvested distributions.

Additional Disclosure Information

Copies of the following documents are available from the Responsible Entity on request and free of charge:

- the most recent annual report of the Fund;
- the most recent financial statements of the Fund;
- the current PDS relating to the units (including Additional Information to the PDS);
- and

- the constitution of the Fund and any amendments to it.

Taxation for New Zealand investors

New Zealand investors should satisfy themselves as to the tax implications of investing, receiving distributions and withdrawing from the Fund. The application of taxation laws will depend on an investor's individual circumstances and for this reason, investors should seek professional advice.

Repurchasing will incur New South Wales stamp duty at either A60¢ per A\$100 of the value of the units withdrawn (based on current Australian taxation legislation, which may change) and is subject to a minimum of A\$10 per repurchase transaction. From 1 July 2012, it is anticipated that stamp duty on repurchasing of units will be abolished.

The Responsible Entity will provide direct investors with an annual tax statement, generally in May, to help complete their obligations in terms of New Zealand income tax. This statement should be retained for the purpose of claiming any available tax credits.

Contacting Us

Wherever the PDS refers to an Australian phone number, fax number or email contact address for the Responsible Entity, New Zealand investors should instead contact the Responsible Entity in New Zealand using the following:

1. About BT Investment Management (RE) Limited

Investment
Management

A\$36.1bn funds under management
(as at March 2011)

BT Investment Management (RE) Limited (**BTIM**) is the responsible entity for the BT Wholesale Property Securities Fund. As responsible entity, BTIM is responsible for selecting and managing the assets and overseeing the operations of the Fund.

BTIM offers investors a range of investment choices including Australian shares and listed property, fixed income and cash, absolute return investments, international shares and property. To complement its in-house expertise, BTIM also partners with leading global and domestic investment managers.

2. How the BT Wholesale Property Securities Fund works

How the Fund operates

When you invest your money in the BT Wholesale Property Securities Fund, your money is pooled together with other investors' money. We use this pool to buy investments and manage them on behalf of all investors in the Fund. This means that by investing in the Fund you have access to certain investments that you may not otherwise be able to access on your own as well as the knowledge of our skilled investment managers. However, BTIM has day-to-day control over the operation of the Fund.

The total value of the assets in the Fund is divided into 'units' and a 'unit price' is generally calculated for each Business Day. The unit price will generally change daily as the market value of assets in the Fund rises or falls.

When you make an investment in the Fund, we will allocate units to you based on the entry price for the Business Day on which we receive your application and we will keep a record of the number of units you have bought. When you withdraw, we will redeem your units based on the exit price for the Business Day on which we receive your withdrawal request.

Entry prices are usually higher than exit prices due to the 'buy-sell spread'. The buy-sell spread is built into the unit price and represents your contribution to the costs of buying and selling the underlying assets in the Fund.

Entry and exit prices for each Business Day will be posted on www.btim.com.au.

We have also adopted a unit pricing discretion policy setting out the principles that apply when we exercise discretions under the Fund's constitution. You can request a copy of the policy free of charge by calling us or by downloading a copy from www.btim.com.au.

Minimum initial investment

The minimum initial investment is \$25,000. In certain circumstances, we may reject an application or accept only part of an application. Refer to Section 8 on how to apply.

Additional investments

You can add to your investment at any time. There is no need to complete another Application Form, simply send us your written instructions with your payment.

How to withdraw

You can redeem some or all of your investment by either mailing or faxing us a completed withdrawal form or providing a written notice of withdrawal.

Withdrawals will generally be paid to your nominated Bank Account within 5 Business Days or within 14 Business Days if you choose to receive a cheque.

Restrictions on withdrawals

There may be circumstances where your ability to withdraw from the Fund is restricted and you may have to wait a period of time before you can redeem your investment.

We may delay or suspend a withdrawal request where we are unable to realise sufficient assets due to circumstances outside our control (such as restricted or suspended trading in the market for an asset) or where the Fund becomes illiquid.

If the Fund is illiquid (as defined in the Corporations Act) withdrawals from the Fund will only be possible if we make a withdrawal offer in accordance with the Corporations Act. Under the Corporations Act, a fund is illiquid if it has less than 80% liquid assets (generally cash and marketable securities).

You should read the important information about 'Restrictions on withdrawals' before making a decision. Go to section 1 of the 'Additional Information to the Product Disclosure Statement' at www.btim.com.au/BTWholesalePropertySecuritiesFund-PDS. The material relating to 'Restrictions on withdrawals' may change between the time when you read this PDS and the day when you sign the Application Form.

Processing

If we receive an application or withdrawal request by 3:30pm (Sydney time)¹ on a Business Day, we will process the transaction using that day's unit price. Requests received on or after the cut-off time of 3:30pm (Sydney time)¹ on a Business Day, or on a non Business Day, will generally be treated as having been received before the cut-off time on the next Business Day.

If we receive an invalid or incomplete application or withdrawal request, the transaction request will be processed using the unit price applying on the day that we receive the correct documentation. The above rules about cut-off times apply.

Distributions

The Fund generally pays distributions on a quarterly basis, with the final distribution paid at the end of June each year. In some circumstances, we may also pay distributions at other times where we consider it appropriate.

¹The 3:30pm cut-off time will apply from 26 July 2011.

For the period 22 June 2011 to 25 July 2011, the cut-off time is 4:00pm.

Distributions you receive are generally assessable income and can be made up of both income and realised capital gains. Distributions are generally calculated based on the Fund's net income at the end of the distribution period divided by the number of units on issue. In certain circumstances, some income and/or net realised capital gains may be held back until the final distribution at the end of June to allow for market volatility.

You can choose to have your distributions automatically reinvested into additional units in the Fund or paid directly into your nominated Bank Account. There is no buy-sell spread on distributions that are reinvested. Reinvestment of distributions will normally be effective the first day following the end of the distribution period. Distribution payments to your nominated Bank Account are generally made within 10 Business Days after the end of the distribution period.

Indirect investors

We authorise the use of this PDS as disclosure to persons who wish to access the Fund indirectly through an Investor Directed Portfolio Service (IDPS), IDPS-like scheme or a nominee or custody service (collectively referred to as master trusts or wrap accounts).

Persons who invest in the Fund through a master trust or wrap account may be subject to different conditions from those referred to in this PDS particularly with regard to cut-off times for transacting, timing of distributions, processing and withdrawals as well as Fund reporting and investor notices.

You should read the important information about 'Indirect investors' before making a decision. Go to section 2 of the 'Additional Information to the Product Disclosure Statement' at www.btim.com.au/BTWholesalePropertySecuritiesFund-PDS. The material relating to 'Indirect investors' may change between the time when you read this PDS and the day when you sign the Application Form.

3. Benefits of investing in the BT Wholesale Property Securities Fund

Significant features

The BT Wholesale Property Securities Fund is an actively managed portfolio of primarily Australian property securities.

Significant benefits

Investing in the Fund offers investors a range of benefits:

- access to a professionally managed portfolio of property securities and the potential for long term capital growth and income;
- access to BTIM's investment expertise and valuation-driven investment style;
- broad based coverage of Australian property securities;
- regular investment statements and an annual tax statement to keep you up-to-date on your investment;
- access to our secure client website at www.btim.com.au to keep track of your investments.

4. Risks of managed investment schemes

All investments carry risk. The likely investment return and the risk of losing money is different for each managed investment scheme as different strategies carry different levels of risk depending on the underlying mix of assets that make up each fund. Those assets with potentially the highest long term return (such as shares) may also have the highest risk of losing money in the shorter term.

The significant risks for the Fund are:

- Market risk: The risk that the market price of an asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. Market risk may have different impacts on each type of asset, investment style and investor.
- Security specific risk: The risk associated with an individual asset. The value of fixed interest securities can be affected by specific events such as changes in the perceived or actual creditworthiness of a particular issuer. The price of shares in a company may be affected by unexpected changes in that company's operations such as changes in management or the loss of a significant customer.
- International investments risk: International investments may be affected by movements in foreign currency exchange rates, interest rates, political and economic uncertainties, lower regulatory supervision and more volatile, less liquid markets compared with Australian investments.
- Liquidity risk: The risk that an investment may not be easily converted into cash with little or no loss of capital and minimum delay. Unlisted property investments may, from time to time have limited or no liquidity. This means that it may not be possible to sell these investments or to do so in sufficient time to pay withdrawals. If this occurs, withdrawals may be suspended for the protection of all investors, even if other assets can be readily sold.

Risk can be managed but it cannot be completely eliminated. It is important to understand that:

- the value of your investment will go up and down;
- investment returns will vary and future returns may be different from past returns;
- returns are not guaranteed and there is always the chance that you may lose money on any investment you make; and
- laws affecting your investment in a managed investment scheme may change over time.

The appropriate level of risk for you will depend on your age, investment time frame, where other parts of your wealth are invested and how comfortable you are with the possibility of losing some of your money in some years.

5. How we invest your money

You should consider the likely investment return, risk and your investment time frame when choosing to invest into the Fund.

BT Wholesale Property Securities Fund	
Investment Return Objective	The Fund aims to provide a return (before fees, costs and taxes) that exceeds the S&P/ASX 300 Property Accumulation Index over the medium to long term.
Minimum Suggested Time Frame for Holding Investment	5 years
Asset Classes and Asset Allocation Ranges²	→ Property 80 – 100% → Cash 0 – 20%
Benchmark	S&P/ASX 300 Property Accumulation Index
Description of Fund	<p>This Fund is designed for investors who want the potential for long term capital growth and income, diversification across a broad range of Australian property securities and are prepared to accept higher variability of returns. The Fund invests in property securities including listed property trusts, developers and infrastructure investments. The Fund invests primarily in Australia but at times it may have some overseas exposure. Up to 15% of the Fund can be invested in international listed property securities. Up to 5% may also be invested in unlisted property investments. The Fund may also hold cash and may use derivatives.</p> <p>BTIM's investment process for property securities is based on our valuation-driven investment style and aims to add value through active security selection and fundamental investment research. BTIM's valuation-driven investment style is to identify securities that are mis-priced relative to their fundamental value. Our fundamental investment research focuses on financial modelling, valuation and identifying quality securities through management quality, franchise and financial risk.</p> <p>The Fund may have assets that are denominated in foreign currencies. This means that changes to the Australian dollar relative to foreign currencies may affect the value of the assets of the Fund. The Fund's foreign currency exposure will generally be fully hedged back to the Australian dollar to the extent considered reasonably practicable.</p> <p>Derivatives may be used to reduce risk and can act as a hedge against adverse movements in a particular market and/or in the underlying assets. Derivatives can also be used to gain exposure to assets and markets.</p>
Risk Level³	Medium to high Medium to high risk of losing money in any year. Likely to produce higher returns over the long term.
Fund Performance	For up-to-date information on the performance of the Fund, including performance history, please visit www.btim.com.au and click on 'Fund Information'.
Labour, Environmental, Social and Ethical Considerations	We do not take labour standards or environmental, social or ethical considerations into account when making investment decisions. However, such issues may affect the financial performance of an investment and any such financial effect would influence our investment decisions.
Changes to Fund Details	We have the right to close or terminate the Fund and change the Fund's investment return objective (including benchmark), asset classes and asset allocation ranges and currency strategy (if any), without prior notice in some cases. We will inform investors of any material change to the Fund's details in their next regular communication or as otherwise required by law.

² The reference to the Fund investing in an asset class includes all types of investments which give exposure to that asset, directly or indirectly, including through derivatives and investment in other funds which invest primarily in that asset class, and through any type of investment which would ordinarily be understood in financial markets to be included in that asset class. It does not preclude investment in other types of

assets where we consider it appropriate to do so in the interests of investors.

³ The risk level is not a complete assessment of all forms of investment risks, for instance it does not detail what the size of a negative return could be or the potential for a positive return to be less than the return an investor may require to meet their objectives.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.
 For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).
 You should consider whether features such as superior performance or the provision of better member services justify higher fees and costs.
 You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

TO FIND OUT MORE

To find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options. The calculator can also be used to calculate the effect of fees and costs on your investment.

This section provides summary information about the main fees and costs that you may be charged for the Fund. The fees and costs charged by the Fund may be deducted from your account, from the returns on your investment or from the Fund assets as a whole.

You should read all of the information about fees and costs because it is important to understand their impact on your investment. You can also use this information to compare the fees and costs with those of other investment funds.

Type of Fee or Costs ⁴	Amount
Fees when your money moves in or out of the Fund	
Establishment fee The fee to open your investment	Nil
Contribution fee The fee on each amount contributed to your investment by you	Nil
Withdrawal fee The fee on each amount you take out of your investment	Nil
Termination fee The fee to close your investment	Nil
Management costs	
The fees and costs for managing your investment ⁵	At the date of this PDS, management costs consist of the following component: Issuer fee 0.65% pa

⁴Fees in this PDS can be individually negotiated if you are a wholesale client under the Corporations Act.

⁵This fee may include an amount payable to an adviser.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products.

Example — Balance of \$50,000 with a contribution of \$5,000 during year⁶

Contribution fees	Nil	For every additional \$5,000 you invest you will not be charged any contribution fee.
Plus Management costs	Issuer fee \$50,000 x 0.65% = \$325	And, for every \$50,000 you have in the Fund, you will be charged \$325 each year.
Equals Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you invest an additional \$5,000 during that year, you would be charged fees of: \$325 ⁷ What it costs you will depend on the fees you negotiate with your Fund or financial adviser.

Additional explanation of fees and costs

Management costs

Management costs are met from a single fee, being the issuer fee. The issuer fee is the fee we charge for overseeing the operations of the Fund and managing the assets of the Fund. If we increase the issuer fee, we will give you 30 days written notice.

We are also entitled to be reimbursed for expenses we incur in the proper performance of our duties and in connection with the day-to-day operation of the Fund. At the date of this PDS, we pay these recoverable expenses (excluding any GST payable on our fees) out of our issuer fee. However, if we decide to deduct expenses in addition to the issuer fee in the future, we will give you 30 days written notice.

Buy-sell spread

The buy-sell spread is an additional cost to you and is generally incurred whenever you invest in the Fund. The buy-sell spread is retained by the Fund (it is not a fee paid to us) and represents a contribution to the transaction costs incurred by the Fund such as brokerage and stamp duty, when the Fund is purchasing and selling assets. There is no buy-sell spread on distributions that are reinvested.

The current buy-sell spread is 0.50% of the amount that you invest, represented as the difference between the entry and exit price. For example, if you invested \$50,000 in the Fund the cost of your buy-sell spread would be \$250.

We may vary the buy-sell spread from time to time and prior notice will not ordinarily be provided. Updated information on the buy-sell spread will be posted on our website www.btim.com.au.

Other fees and costs

These may include additional fees and costs that apply to investors accessing the Fund through a master trust or wrap account.

Fees may also be paid to financial advisers and we may make payments to master trusts or wrap account operators out of the fees we receive. Government fees, duties and bank charges may also apply to investments and withdrawals.

You should read the important information about 'Additional information about fees and costs' before making a decision. Go to section 3 of the 'Additional Information to the Product Disclosure Statement' at www.btim.com.au/BTWholesalePropertySecuritiesFund-PDS. The material relating to 'Additional information about fees and costs' may change between the time when you read this PDS and the day when you sign the Application Form.

6 This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$50,000 balance only.

7 Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the buy-sell spread.

7. How managed investment schemes are taxed

Investing in managed funds is likely to have tax consequences. Managed funds generally distribute all of their income each year so that the fund is not subject to tax. Managed funds do not pay the tax liability on behalf of Australian resident investors. As an investor, you will be assessed for tax on your share of the income and capital gains generated by the Fund. In normal circumstances, you should expect that some income and/or capital gains will be generated each year.

Because the Australian taxation system is complex and different investors have different circumstances, you are strongly advised to seek professional tax advice before investing in the Fund.

8. How to apply

1. Read this PDS together with the 'Additional Information to the Product Disclosure Statement' available from www.btim.com.au.
2. Direct investors should complete the *Application Form* and the relevant *Customer Identification Form* available from www.btim.com.au or by calling 1800 813 886. Payment details and methods are available with the Application Form. The offer made in this PDS is only available to persons receiving this PDS (electronically or otherwise) within Australia. Applications from outside Australia will not be accepted.
3. If you are a retail investor (as defined in the Corporations Act) investing directly in the Fund, you have a 14 day cooling-off period to confirm that the investment meets your needs. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the amount you receive will reflect any movement (either up or down) in the unit price of the Fund which means that there may be tax implications for you. The 14 day cooling-off period commences on the earlier of the end of the fifth day after we issue the units to you or within 14 days from the date you receive confirmation of your transaction.
4. If you have any concerns or complaints, as a first step please contact us and we will do our best to resolve your concern quickly and fairly. Our contact details are on the front cover of this PDS. If you believe that your matter has not been dealt with satisfactorily, you can contact the Financial Ombudsman Service (FOS) by calling 1300 780 808. For more detailed information on how we deal with complaints please visit www.btim.com.au and click on the 'Contact Us' tab.

9. Other information

Additional disclosure information

The Fund is subject to regular reporting and continuous disclosure obligations. Continuous disclosure notices regarding the Fund are available on our website at www.btim.com.au by clicking on the 'Important Updates' tab. Copies of documents lodged with ASIC may be obtained from, or inspected at, an ASIC office. You can also call us to obtain copies of the following documents, free of charge:

- the Fund's Annual Report most recently lodged with ASIC;
- any half-year report lodged with ASIC after the lodgement of the Annual Report and before the date of this PDS;
- any continuous disclosure notices given by the Fund after lodgement of the Annual Report and before the date of this PDS.

Related party transactions and conflicts of interests

The Fund may, without limit, invest in other funds of which we, or a related entity, are trustee, responsible entity or manager (related funds).

We may appoint any of our related entities (including Westpac Banking Corporation) to provide services (including banking services) or perform functions in relation to the Fund, including acting as our delegate. We may also enter into financial or other transactions with related entities in relation to the assets of the Fund and may sell assets or purchase assets from, a related entity. A related entity is entitled to earn fees, commissions or other benefits in relation to any such appointment or transaction and to retain them for its own account. Such arrangements will be based on arm's length commercial terms.

In the course of managing the Fund, we may face conflicts in respect of our duties in relation to the Fund, related funds and our own interests. We have policies and procedures in place to manage these appropriately. We will resolve such conflict fairly and reasonably and in accordance with the law, ASIC policy and our policies.

Terms used in this PDS

In this PDS:

'Bank Account' means an account with an Australian Authorised Approved Deposit Taking Institution (which includes a building society and credit union);

'Business Day' means a day (other than a Saturday, Sunday or public holiday) on which banks are open for general banking business in Sydney;

'Fund' means the BT Wholesale Property Securities Fund ARSN 087 593 584;

'Responsible Entity' means BT Investment Management (RE) Limited;
